

Wild Coyote Estate Winery— Bed & Breakfast

Nestled in the critically-acclaimed wine-producing region of Paso Robles, Wild Coyote Estate Winery and B&B is a hidden jewel that must be experienced and savored. With his architectural background, colorful artistry, and a true passion for the Native American culture,

Owner and Winemaker Gianni Manucci has created a secret village for wine lovers to discover.

Inspired by multiple visits to New Mexico, Gianni has transformed his forty-acre hillside into a thriving architectural landmark. Gianni and his wife

Kati, a painter, take pride in showcasing their vibrant artistic masterpieces. Life-size coyote sculptures and an authentic tipi are prominently displayed. The limited production wines are equally as impressive.

Known for its estate reserve wines, Wild Coyote produces a "House of Reds" line of less than 1,500 cases. These premium handcrafted wines are sold exclusively from the tasting room, where one can marvel at additional Manucci artwork, along with other tribal relics. For a special event or wedding, don't forget to inquire about the courtyard and barrel room.

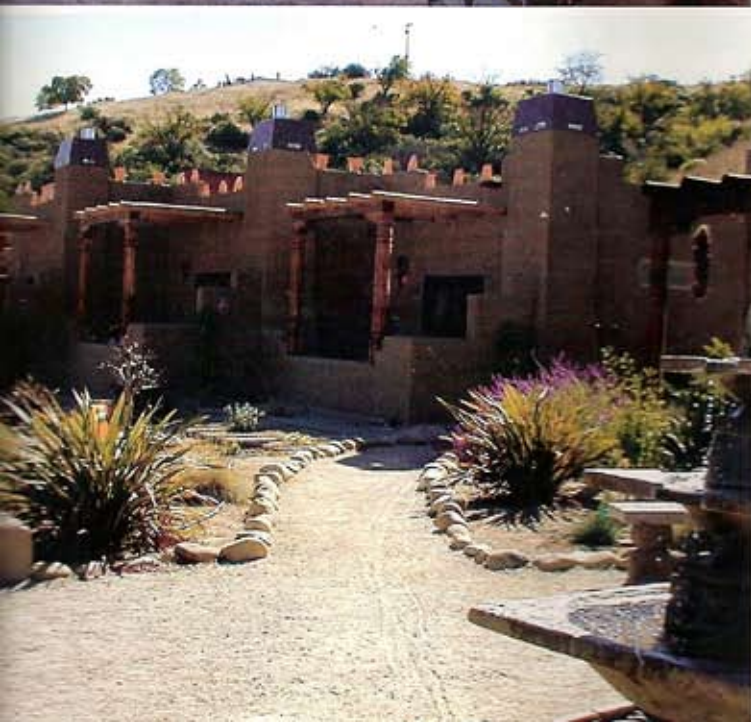

A recent addition to the Wild Coyote Winery is the newly opened Bed & Breakfast. This enchanting retreat is situated on the mountainside atop the vineyard's high elevation. A perfect blend of earth and nature, with panoramic vistas embraced by orchards and canyons, Wild Coyote's B&B is considered by many to be one of the most memorable spots on the Central Coast.

If you are looking to escape from the hustle and bustle of the city, Wild Coyote is the place. Filled with memorable and amazing experiences, Wild Coyote is nature at work; stunning sunrises, breathtaking sunsets, howling coyotes, dazzling stars...all accompanied by magnificent wines. Plan your visit today.
